Intelligence Research and Development Council

IR&DC 88-0030

29 AUG 1988

Dr. James Decker
Acting Director of Energy Research
Department of Energy
1000 Independence Av., S.W.
Washington, D.C., 20585

Dear Jim:

As you recall the Council in July had an interesting briefing and discussion led by Don Ofte, Director of the Idaho National Engineering Laboratory concerning [redacted]. As a result of this session, the Council members have indicated an interest in having the experiment pursued to completion, so that the results can be closely monitored for consideration of possible future applications.

Therefore, we encourage further DOE funding to complete the research which has been started on the project and hope that this may be possible.

Sincerely, [redacted]
